Last Sunday the local marathon was held in our city. The competitive part took the first half of the day and the winners were awarded in the evening. Over a thousand of citizens took part in a race.

Among the runners there were people of all ages and genders. The participants were required to make their way through the city streets up to the finish line in front of the central park. Almost twenty journalists and cameramen were involved in recording the procession. Along the whole path runners were watched by the crowds of spectators.

According to the annual tradition, the closing ceremony was at nine after midday. As expected, in the end three winners from three age categories were given gold, silver and bronze medals.
